

## **Data Capture Forms**

When you need some data  
Need lots of information  
You want to make it easy  
So there's no alteration

A data capture form  
Makes dreams come true  
It takes all the data  
And does this for you

## **Chorus**

Data Capture

Write it in by hand  
Nice and easy  
Tick the boxes  
Simple not sleazy
